Black Science 1 Rick Remender

Black Science is Rick Remender's own little sandbox as he gets his flawed characters travel into different realities of parallel universes, or what they call it as The Onion. Black Science's story unfolds randomly (you'd know why by reading the material) and each world they visit are utterly different from ours and from one another.

Black Science reminds me of the TV show Sliders. Sliders was a low budget show in which the characters were randomly sliding to alternate universes. Characters would meet doppelgangers of themselves and sometimes end up in universes where dinosaurs were still walking around. The premise behind Black Science is very similar but not exactly the same.
