The Archaeology Of Medieval Bookbinding

In the past, studies of the history of bookbinding were mainly concerned with the exterior decoration. This book focuses attention primarily on the physical aspects of the binding and its construction principles. It is an expanded version of a series of lectures delivered by the author while Visiting Professor at the University of Amsterdam in 1987, supplemented with the results of ten years ...

Known as the bible of medieval bookbinding in some circles, this is an incredibly detailed account of books across the medieval era, broken down roughly by style and time period. While oftentimes dry in places, Szirmai gives exacting accounts of the construction of these books, down to the stitches used and percentages of books with x material instead of y for a given time frame.
