Petroleum Geology of Libya : Don Hallett : 9780444635174

Oil reserves in Libya are the largest in Africa and among the ten largest globally with 46.4 billion barrels ($7.38 \times 10^9 \text{ m}^3$) as of 2010. Oil production was 1.65 million barrels per day ($262 \times 10^3 \text{ m}^3/\text{d}$) as of 2010, giving Libya 77 years of reserves at current production rates if no new reserves were to be found. Libya is considered a highly attractive oil area due to its low cost of ...

Oil reserves in Libya - Wikipedia

Libya has the largest petroleum reserves of any country in Africa and since production began in 1961 over 20 billion barrels of oil have been produced. Libya is scheduled to reach the mid-point of depletion of reserves in 2001 and this provides a timely point at which to review the state of petroleum exploration in Libya. A large amount of data has been published on the geology of Libya, but it ...
