Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Now, in The Possibility Dogs, Charleson journeys into the world of psychiatric service, where dogs aid humans with disabilities that may be unseen but are no less felt. This work had a profound effect on Charleson, perhaps because, for her, this journey began as a personal one: Charleson herself struggled with posttraumatic stress disorder for months after a particularly grisly search.
