the general rule is that any wrong answer cancels a correct answer. For example, if a question asks for two points and three answers are given, two correct and one clearly wrong, the mark awarded is one, whatever the order of the answers. This prevents student s from gaining full marks from a list of right and wrong answers.

Austerity economics is in a very bad way. Its predictions have proved utterly wrong; its founding academic documents haven't just lost their canonized status, they've become the objects of much ridicule. None of this should have come as a surprise: basic macroeconomics should have told everyone to expect what did, in fact, happen, and the papers that have now fallen into disrepute were ...
